

With the support of the Manisa Municipality Cultural and Social Affairs Department Social Services Branch Directorate, a solidarity meeting was held by Turkey Spina Bifida Society Manisa Representative and Manisa CBU Faculty of Health Sciences Department of Physiotherapy and Rehabilitation at Ataturk Youth Center Conference Hall. At the meeting, Manisa CBU Faculty of Health Sciences Faculty of Physiotherapy and Rehabilitation Assistant Professor Nuray Kayak made a presentation on 'Problems of Spina Bifida children in the rehabilitation process and proposal of solution'. Families were also informed about physical therapy and rehabilitation practices aimed at making their children more independent in their daily lives and emphasized the importance of active participation in the treatment program for success.
